Standing in the way you are
Standing in the way you are
Standing in the way you are
Standing in the way you are

It'll never be your soul
It'll never be your soul
It will never be your soul
It'll never be your soul

It's your love that you're giving
Your love,
Yeah, yeah

Giving up a little time
Giving up a little time
Your giving up a little time
Giving up a little time

It's your love that you're giving
Your love,
Yeah, yeah

Standing in the way you are
Standing in the way you are
Standing in the way you are
Standing in the way you are

It's your love that you're giving
Your love,
Yeah, yeah
