Now i'm the only one that's home,  
surrounded by the winter cold,  
as I think of how it would be,  
to have you right here with me.

Leave the door open as I go to bed,  
dreaming that you never said,  
bye to me, don't leave me here,  
wherever you are I wanna' be there.

Don't you know I miss you,  
and all I wish to do,  
is to run until I find where you are,  
for you I could run so far, so far.

The sun's gone, darkness all around,  
looking through every picture of you I found,  
and there's beauty in every single one,  
so I wonder how long you'll be gone.

Wanna' watch you smile at me,  
hold your hand, feel realised,  
spend my time with the best person I know,  
and I won't let you go.

Don't you know i miss you,  
and all I wish to do,  
is to run until I find where you are,  
for you I could run so far, so far.

As I'm laying here alone,  
realize this is no real home,  
I wanna' be with you,  
nothing else I'd rather do.

Don't you know i miss you,  
and all I wish to do,  
is to run until I find where you are,  
for you I could run so far, so far.
