Goodbye

Enough is enough for me, baby
You better get out of my life
And if you come back to me maybe
Remember I told you "Goodbye"

I've never been so sad in all my life
No one killed me before
Tell me why did you do that?

Oh, don't tell me everything will be alright
Baby, this is the door
It's too late to be sorry

Oh baby, I need a passion in my life
A very special kind of love
Don't care about you

Goodbye
Enough is enough for me, baby
You better get out of my life
And if you come back to me maybe
Remember I told you "Goodbye"

There's nothing you can do to change my mind
'Cause you've played with my love
It's so hard to forget it

Baby, I need a passion in my life
A very special kind of love
Don't care about you

Goodbye
Enough is enough for me, baby
You better get out of my life
And if you come back to me maybe
Remember I told you "Goodbye"
I'll never forgive you

Goodbye
Enough is enough for me, baby
You better get out of my life

And if you come back to me maybe
Remember I told you "Goodbye"

Enough is enough for me, baby
You better get out of my life
And if you come back to me maybe
Remember I told you "Goodbye"
