"Gotta Be Mine"

I'm surprised to see you
Standin' at the door
Just think of the good days
Don't leave me here alone

It's such a real love
And now I need you
'cause I believe in love
And I want you more and more

Don't make me blue
There's nothing I can do
If you walk out on me
I'm forever gone

My own defence is to keep up
My confidence
Don't take your bags
And get out of my life 'cause

You gotta be mine
Gotta be mine
Gotta be mine

You gotta be mine
Gotta be mine
Gotta be mine
