Inside of me a broken faith,
can you feel the cold, can you feel the hate,
waiting for heavens intense embrace,
oh, death, get of my face!

Words I can't explain fill my mind,
so desperate for a feelin I can't find,
I'm numb, I've never been before,
anger, no control, caged, locked door.

Those lies drove us way too far,
in the end, made us who we are,
I don't wanna' be another example of,
a broken heart that've had enough!

Everything I thought I would be,
died along with your faith in me,

now, addiction all that I can see,
I just wanna' be independently.

Don't wait to long if this pain goes on,
I'll be waiting for you, I know you'll never come,
it's my way of control, I have no control,
shaking, so blind, feelings, broken soul.

Those lies drove us way too far,
in the end, made us who we are,
I don't wanna' be another example of,
a broken heart that've had enough!

Painting a map on my wrists,
the beast in me exists,
you can't see the part of my that's dead,
this is all in my head,
it's all in my head!
