I'm counting the days to pass,
it's like walking on glass,
being mile after mile away,
from the one who make your day.

We turn against each other,
have no eyes for another,
and you make my world come alive,
you're everything I have.

And through all those days,
I just wanted to say,
beautiful, I love you,
I swear to you it's true.

Hours since I last spoke to you,
you know there's nothing else I'd rather do,
and as the cold sets in,
I hear my phone ring.

Tell me everything, tell me all you want,
something new, or the same as last month,
afterwards I don't care what you said,
cause your voice is still like music in my head.

And through all those days,
I just wanted to say,
beautiful, I love you,
I swear to you it's true

Maybe I'm stronger now, yeah, I'm alright,
but there's still one thing, that I fright,
it's losing my love, losing my heart,
I don't ever want to be apart, from you.

And through all those days,
I just wanted to say,
beautiful, I love you,
I swear to you it's true
