Dear friend, I write this letter all for you to know
To mend the trust you lost, the promises I broke
I know you're expecting me to be a certain way
And I admit that I let you down and gravity works for
sure!

Dear babe, it's clear you don't wanna talk to me no
more
I pray, that we turn back to were we were before
Hey baby, the hurt I caused you only hurts me more
So I write hoping this ink I leave won't be ignored!

Chorus:
I'm sorry I kept you waiting all up until now
I know you had expectations, I never leave out
But I won't let you down anymore!
No, I won't let you down, oh, oh!

Dear dad, I waited here for you to pass the ball
So sad, cause the only thing you shopped was alcohol
Hey mamma, you always wanted me to change the
world
And I can't if I do my way with you standing by my side!

And I know I'll never be myself
Yeah, I'll always be someone else
Through your eyes
Now I'm stuck on the shelves
But I won't be here for long!

Chorus:
I'm sorry I kept you waiting all up until now
I know you had expectations, I never leave out
But I won't let you down anymore!
No, I won't let you down, oh, oh!

Let all the words I write on every page
Help you understanding how I've been feeling every
day
You don't need to sympathize, I just hope you relate
I don't mean to take you down,

But I'm going to, before is all over!
I just wanted to tell you
So here are my letters!

Chorus:

I'm sorry I kept you waiting all up until now
I know you had expectations, I never leave out
But I won't let you down anymore!
No, I won't let you down, oh, oh!
