Tell me yeah, I really, really  
Girl, let me tell you where Iâ'm from, oh  
Girl, girl, let me tell you  
Donâ't, donâ't let me tell you  
Donâ't, donâ't let me tell you

Chorus:

They say if looks could kill  
And she might as well be locked in a cage, uh, uh  
And everything she wants she steals  
Oh, oh, but she will not take my heart and wait, uh, uh

Women are cold as ice, breaking hearts, paralyzed  
Sheâ's a killer with the black eyes  
Says sheâ's going with theâ...with some fine stacks  
Ammunition like a navy and .. sounds crazy  
She lost us all a long, long time ago  
Oh, oh, oh Iâ've been searching baby,  
So you could never call me shady  
Will you ever be my baby?

Chorus:

They say if looks could kill  
And she might as well be locked in a cage, uh, uh  
And everything she wants she steals  
Oh, oh, but she will not take my heart and wait, uh, uh

On the night, through the night  
Killing up is homicide  
Sheâ's a villain with the best sex  
Uma Thurman, sheâ's a killer in the black dress.  
Now sheâ's looking for her baby  
Chopping heads, all the weapons are crazy.  
She run away a long, long time ago, oh, oh  
Iâ've been searching baby  
So you could never call me shady  
Will you ever be my baby?

Chorus:

They say if looks could kill  
And she might as well be locked in a cage, uh, uh

And everything she wants she steals  
Oh, oh, but she will not take my heart and wait, uh, uh

Uh, it's no ultimate priest  
I spill kiss to bride,  
Burn in hell before you dice my pride (come, come)  
My gun goofy like Jack in a Buick (come, come)  
Yeah, I think you just rap in the music.  
Turn it like it's... and toes,  
Turn it like a weed farmer  
Who played weed, assed up and get your ass and pee  
You blanked out El Dorado,  
Gun man standing around your body like the killer of  
Pablo.  
Asking about we rap it on  
Block notes behind me,  
I keep my bro right besides me!

Chorus:  
They say if looks could kill  
And she might as well be locked in a cage, uh, uh  
And everything she wants she steals  
Oh, oh, but she will not take my heart and wait, uh, uh
