Stay with me, oh stay with me  
Through my troubled times  
Oh and the good ones too  
Stay with me, oooh stay with me  
I am dying to set your heart on fire again  
I was lost, it was dark, I kept stumbling  
I was lost, I couldn't lift my eyes from my shoes  
Sweet fingers broke in straight into my retina  
I was lost, I saw your face and I saw it was true  
Stay with me, oh stay with me  
Through my troubled times  
Oh and the good ones too  
Stay with me, oooh stay with me  
I am dying to set your heart on fire again (yeah baby)  
I took a quick left, right before the blinding lights  
I swirved and hit the floor, flat on my teeth  
I was wasted, hazed and dizzy  
Torn between myself  
Be my guide on land, in the air or out to sea  
Uuh stay with me, oh stay with me  
Through my troubled times  
Oh and the good ones too  
Stay with me, ooooh stay with me  
I'd be dying in here, if you ever let go  
Am I trying too hard?  
Was I ment to be poor?  
Am I working too much much?  
Or maybe too slow?  
I don't know, I don't know  
I don't know, I don't know, without you baby  
Oh Stay with me, oh stay with me,  
Through my troubled times,  
Oooh and the good ones too  
Oh Stay with me, ooooh stay with me  
I am dying to set your heart on fire again  
Stay with me, oh stay with me,  
through my troubled times, (stay)  
oh and the good ones to (Yeah, yeah, yeah, yeah)  
Stay with me, oh stay with me. (Stay with me)  
I am dying to set your heart on fire again.
