I will keep my heart from you
To keep you safe
I shall burn in this hell
In a fire made for you
I will wipe every tear
Of your frozen heart
My devotion will never fade
I'll honor you every night
I will strike down with a vengeance

On the fears that haunt your soul
I will always be there
Though from a distance
And though my heart shall bleed
My love will never blacken
And through these lonely streets
I'll honor you every night

My devotion will never fade
