I am walking on the same road before
I am breathing the same breeze before
I am searching but there's nothin' I want more

Now the trees have grown so fast they're tall
All the flowers have died but now there's more
I can see now the changes before my eyes

Refrain

Since I left there's always a tear that fall from my
eyes
Now I'm back then I will try to hide

Chorus

I tried not to think about you
But I couldn't fake so much and
If I'd do, I'd be a fool
Staying here would be so cruel
I did it my way so listen
Gone away so I could move and
If these thoughts have bothered you
Well, I'm here to say I'm sorry I love you!

Refrain

Since I left been wondering if you thought of me
Now, we're here so close, oh baby, can't you see?

Chorus

I tried not to think about you
But I couldn't fake so much and
If these thoughts have bothered you
Well, I'm here to say I'm sorry I love you!

Bridge

Heaven knows that I'll be waiting
They all have know I'm just pretending
So I'll go and try to free
Free myself from the thoughts of you and
Me!

Chorus

I tried not to think about you

But I couldn't fake so much and
If I'd do, I'd be a fool
Staying here would be so cruel
I did it my way so listen
Gone away so I could move and
If these thoughts have bothered you
Well, I'm here to say and I'll love you!

I did it my way so listen
Gone away so I could move and
If these thoughts have bothered you
Well, I'm here to say I'm sorry I love you!
