Chorus

I was working through the mall
Seen a bunch of bitches
If I want them all
I will need all your ,
Baby girl I am paying
My swagger is official
Got this funny feeling
Like I am about to make it
All over the world
I would like to see all them haters like
Girl bizzle bizzle weasel weasel

Never break a sweat
Cause my money ain't an issue
Clean that .. never that
A hundred dollar tissue
.. knows Jackson
Wipe my ass with Benjamin
Been on ..
I can fed you and your friends
All my way to atomic meals .. low
I stop by to get your name
Haters get a photo
See the logo
Draw it baby all day
What you want now
I was doing that on group A
airports
flights
air force one
I ain't rocking .. since I was Bow Wow height
You don't .. look alike cause those bitches won't holler
I can act and let the .. think twice nigger
Get to change up
Here is my pay cheque
For every lesson
Cause your clothes is depressing
I'll be fresh like a brize
Going on the fees

Polo ..

Body like a bottle .. coca Cola
Every time I show of
Damn bitches roll of

We know you're about to blow of
You know us
We're gonna go shut it down

Blow a stack

They'll do anything for me
Thinking I am getting money
