I never know if you're serious
It's all so vague and mysterious
With me and you
Just when I think we're on solid ground
You pull the rug out and knock me down

Are you just trying to play with me?
Do you get joy from my misery?
I'd like to think
It's just a phase and we'll work it out
But you keep jerking my heart around

Now I've caught a classic case of love whiplash
You push me off and then you pull me back
Please could you tell me if you're being sincere
Cause darlin' I can't stand to cry another tear

I'm losing count of the damages
My heart is covered in bandages, it's what you do
I'm not so hard to accommodate
Just get a clue or get on your way

Cause now I've caught a classic case of love whiplash
You push me off and then you pull me back
Please could you tell me if you're being sincere
Cause darlin' I can't stand to cry another tear

It's not a long conversation
Don't want to waste all your precious time
It's not a difficult equation
A simple yes or no will do fine

Cause I've got a bad case of love whiplash
Now I've caught a bad case of love whiplash
Yeah, now, now, now,

Now I've caught a classic case of love whiplash
You broke my heart and now you want it back
Please could you tell me if you're being sincere
Cause darlin' I can't stand to cry another tear

Now I've caught a bad case of love whiplash, oh, oh

Now I've caught a bad case of love whiplash!
