Addicted

(Written by Juan Velazquez)

Verse 1

I done called you twenty times and it seems like you
donâ€™t care
You would rather watch me hit the wall and strangle my
hair
Sit on the corner as you hear my tissue tear
Blood leaks out of my heartâ€™s empty chamber
Wylin as I see your posted pictures
Daydreaming as I see your beautiful figure
Thinking damn I want to be with ya
But I canâ€™t be with ya
Especially at this moment I am your worst enemy
Roses and forgiveness could be the only remedy
I canâ€™t handle myself I need therapy
Away from the world lost in the mountains like a
Cherokee
Barely, I just noticed barely
Losing you from my life could be so scary
I send a text tryna share my love
Wonder if our relationshipâ€™s something you wanna
give up and

Choras

And I just canâ€™t give you up baby
Even though sometimes you drive me crazy
Iâ€™ll still look you in your eyes and hold your hand
Iâ€™ll still kiss you even when itâ€™s not planned
Doesnâ€™t matter what people say baby
If itâ€™s wrong to be addicted then they crazy
But itâ€™s all good as long as you hold my hand
Sky might fall but we will still stand

Verse 2

There have been nights where I stare at the ceiling
And wonder if my existence really has a meaning
Then you kiss me and suddenly Iâ€™m all seeing
Even when our relationshipâ€™s at the edge of fleeing
Fleeing fleeing to me our relationship is so appealing
Itâ€™s an internal love that I find so concieling

I'm ready for action and have our emotions be
revealing
I just hope that this is only the beginning
I'm just tryna stop you from walking out that door
And telling me you regret everything that we did
before
I ain't the type of man that gets on his knees
But please don't destroy everything we've built
baby
Look I'd never hit you across your face
And I promise I would never go past my place
No matter how much we fight I'd still caress your
face
I'd rather shoot myself than give that hate a taste

Choras

And I just can't give you up baby
Even though sometimes you drive me crazy
I'll still look you in your eyes and hold your hand
I'll still kiss you even when it's not planned
Doesn't matter what people say baby
If it's wrong to be addicted then they crazy
But it's all good as long as you hold my hand
Sky might fall but we will still stand

Bridge

You can be my queen, and I can be your servant
I can be your king, your eyes what I'm observin
Spread your angelic wings, your body got curves and
Give it all to me, am I really worth it

Verse 3

New day new chance to show you your special
My life without you would be so dreadful
Difficult, hard, challenging, and stressful
Apocalyptic, crucial, and unrestful
Heavy hypnosis as your eyes twinkle
Damn I thank God that I'm not single
Dedicated to the most beautiful girl on Earth
God blessed you with love and beauty from birth

Choras

And I just can't give you up baby
Even though sometimes you drive me crazy
I'll still look you in your eyes and hold your hand
I'll still kiss you even when it's not planned
Doesn't matter what people say baby
If it's wrong to be addicted then they crazy
But it's all good as long as you hold my hand
Sky might fall but we will still stand
