Call me crazy call me loud
Call me .. call me how
Put it down .. us aloud
Call ma fresh call me rear
.. in your ear show me I don't care
I must be ,when I check a , to the crowd
You are rocking with the best .. got next
.. like a mother fucking got next
Let me spin like a mother fucking bullet
Can't stop drinks right up to the ,
Give me some .. I am gonna break out
Yes I am the .. person when I am in my zone
I can tell by your expression that you are feeling my
tone
Signal your message put your hands in the air
How I do this .. I am being myself .. I know that my
message
I love this song
Why why why I can't really explain what you are to me
I don't even have it try try try is something that just
hurts let you leave
Lately I have been chilling chilling chilling easy
Call me mister chilling
chilling chilling chilling easy

that is right till I am leaving
let go I am the beast ,I got .. on a go
I am the grime stupid hustle I am like .. handle
Way you check me out spot me from the ground
You rock with the best
Let me spin like a mother fucking bullet
Can't stop drinks right up to the ,
Give me some .. I am gonna break out
Yes I am the .. person when I am in my zone
I can tell by your expression that you are feeling my
tone
Signal your message put your hands in the air
How I do this .. I am being myself .. I know that my
message
I love this song
Why why why I can't really explain what you are to me

I don't even have it try try try is something that just
hurts let you leave
Lately I have been chilling chilling chilling easy
Call me mister chilling
chilling chilling chilling easy
