Oh lucky lucky me
I think this time I got one
Freaky sexy hot one, oh oh oh
She's exactly what I need
She got her shit together
Down for whatever

She's the hottest thing that walked through the door
She makes it look to easy when she's working the floor
Eyeing me down when she makes her way over
Pulled me in closer, She whispered in my ear

We should make a porno porno baby
Oh we should make a porno porno baby
But not just any porno porno baby
An actual movie, staring you and me

She wants to be my superstar star in the dark, in the dark
Oh Oh Oh Oh, Oh Oh Oh Oh
She wants to be my superstar star in the dark, in the dark
Oh Oh Oh Oh. Then we should make a Porno

Watching her dance under the light
O.m.g she drives me crazy
Freaky sexy crazy, Oh my Gosh
Theres no one else I want her
She got her shit together
Plus she's down for whatever

She's the hottest thing that walked through the door
She makes it look to easy when she's working the floor
Eyeing me down when she makes her way over
Pulled me in closer, She whispered in my ear

We should make a porno porno baby
Oh we should make a porno porno baby
But not just any porno porno baby
An actual movie, staring you and me

She wants to be my superstar star in the dark, in the

dark
Oh Oh Oh Oh, Oh Oh Oh Oh
She wants to be my superstar star in the dark, in the
dark
Oh Oh Oh Oh. Then we should make a Porno

Your the hottest thing that walked through the door
You makes it look so easy when your working the floor
Eyeing me down when you make your way over
Pull me in closer,

Your the hottest thing that walked through the door
You makes it look so easy when your working the floor
Eyeing me down when you make your way over
Pull me in closer, Whispered in my ear

We should make a porno porno baby
Oh we should make a porno porno baby
But not just any porno porno baby
An actual movie, staring you and me

She wants to be my superstar star in the dark, in the
dark
Oh Oh Oh Oh, Oh Oh Oh Oh
She wants to be my superstar star in the dark, in the
dark
Oh Oh Oh Oh. Then we should make a Porno
