Rains don't help unsettled causes no  
Cold black city, move out of my way  
In the midst of her creation  
Lives somebody oh just for the day  
In her moods you  
Feel so smooth you  
Wanna get closer she won't let you near  
In her smiles your gagged in heaven  
Bound by rules, it's all so obscene

Chorus

All alone, got nobody  
Everybody is looking at me  
All alone got nobody  
All eyes stick on to me  
Feel so Deceived

Cool blue rivers flow to still waters no  
Dreams full of colour or so it seems  
Things don't matter when promises rot down and  
Waited by the door and no one turned up  
But in her moods you Feel so smooth you,  
Want to get closer, she wont let you near  
In her smiles your gagged in heaven  
Break those rules, I love the obscene
