I know she knows she knows he knows she knows you
know she knows he knows
Everybody's here

Look girl all I do I do from me to you
I'm the man who wears the shining armour too
She's a friend of mine
Not the lover kind
You don't seem to see the truth I say to you

Just like Maeve, you walk in her shadow

As I sing this rhythm divine,

don't you go changing my mind

I know she knows
she knows he knows
she knows you know
she knows he knows
Everybody's here

Watch the mass brigade to see the kingly lair
Don the masquerade in hope they do prepare
Here's to you my dear
They're here have no fear
It's so nice to know that someone really cares
Just like David, they walk in his shadow

As they sing this rhythm divine
Don't you go changing their mind

Yeah
Face the heat, dabbling with pain
There must be something in this to gain
Oh gentry of destiny
You give me the voice of reason to scream
With joy man...
Dance, dance dance man

Dance Dance Dance man

Ahhhhhhhhh

I know she knows
she knows he knows
she knows you know
she knows he knows
Everybody's here
