I swear I've said it a thousand times
A thousand more I'll lose my mine
That this time around things will be different
And I promise you this time I will mean it

So it seems,
I just keep on running
From everything that's behind me
But I'm breaking free
I'm becoming me
Can't stop me now
I've got my head inside the clouds
I always knew that somehow
I'd be breaking free
I'm becoming me

My days are numbered like everyone else around
So how do I stand out, while moving with the crowd?
My hope is you'll hear my voice within that muffled
sound
So listen as my words shout out
"I've broken free now"

So it seems,
I just keep on running
From everything that's behind me
But I'm breaking free
I'm becoming me
Can't stop me now
I've got my head inside the clouds
I always knew that somehow
I'd be breaking free
I'm becoming me

It's hard for me to let go
Of most of my past
There are thoughts and dreams I'd rather not bring
back
But they remain inside
Inside my head
I think I've found a way to finally lay them to rest

So it seems,
I just keep on running
From everything that's behind me
But I'm breaking free
I'm becoming me

So it seems,
I just keep on running
From everything that's behind me
But I'm breaking free
I'm becoming me
Can't stop me now
I've got my head inside the clouds
I always knew that somehow
I'd be breaking free
I'm becoming me
