I won't be left alone
I'm staying right here
I won't be left alone
Alone

I've had a hard time rocking it out
When everybody said a lot of things
to fill me with doubt
I shed a whole lot of tears
over way too many beers
But I'm still here
I'm still right here

I've been around the Connecticut block
I've been kicked to the curb by almost every flock
But I know that I'm fly
I'm super duper fly
And I'm still here
I'm still right

Here here here here
I'm still right I'm still right
Here here here here
I'm still right I'm still right
Here yeah here yeah here yeah
And I ain't going nowhere

Raw
Raw
Raw
Listen to me now

You're gonna love me like it or not
I'll be your Dreamgirl
I'm gonna give you all that I got
I had a whole lot of fear
But now it's all clear
That I'm still here
I'm still right here

My mama told me that I wasn't right
She said that I was 'damaged goods' and

I 'should head for the light'
But I know that I'm fine
My stars shine bright
And I'm still here
I'm still right

Here here here here
I'm still right I'm still right
Here here here here
I'm still right I'm still right
Here yeah here yeah here yeah
And I ain't going nowhere

I won't be left alone
I'm staying right here
I won't be left alone
Alone

My love my love is yours
My love is right here
Yet I am left alone
Right here

Here here here here
I'm still right I'm still right
Here here here here
I'm still right I'm still right
Here yeah here yeah here yeah
And I ain't going nowhere

I'm gonna be alright
I'm gonna be just fine
I'm gonna be alright
Left alone
And I ain't going nowhere
