Like a grave

Do you even exist anymore?
Now love is just a word
It's just a flightless bird
Seems like I'm all alone again
Out of sight, out of mind,
doesn't quite cut it this time

The rain poured down outside
like it was laughing in my face.
I can't drink just one of you my love,
I'd rather have a case.
Oh yeah

Break this distance
for an instant
Kiss me my love I am your prince
Love me slowly
hold me steady
If you are death, then I am ready.

Do you even exist anymore?
Now love is just a word
It's just a flightless bird
Seems like I'm all alone again
Out of sight, out of mind,
doesn't quite cut it this time

I don't wanna come home one more time
without hearing 'hey babe'
I don't wanna sleep without holding your hand
by my side, every night
like a grave

Like a grave

I broke down and cried last night
but my tears were such a waste
I would give you all of me
at any time and any place
Oh yeah

Break this distance
for an instant
Kiss me my love I am your prince
Love me slowly
hold me steady
If you are death, then I am ready.

Do you even exist anymore?
Now love is just a word
It's just a flightless bird
Seems like I'm all alone again
Out of sight, out of mind,
doesn't quite cut it this time

I'm a wandering heart broken twice
for love lost and never found
I miss you baby, simple as that
and every couple I see, I think of you and me

I don't wanna come home one more time
without hearing 'hey babe'
I don't wanna sleep without holding your hand
by my side, every night
like a grave

Like a grave with you
