I stood in the rain with soaking flowers now  
I am telling you that I'm sticking around  
I can love you I can love you  
But please don't turn around  
'Cause I need you now

Put your drinks up (For love)

I may not be what you were looking for  
And I won't go, yes I'll break down the door  
We had it good, we had it right before  
What do you say we try this love once more

Oh oh oh oh oh oh oh yeah

Banging on the door  
At three in the morning  
You're drunk and need a friend  
Why is this happening?  
Now you love me, now you love me  
But only when you want  
And then you cut and run

I may not be what you were looking for  
And I won't go, yes I'll break down the door  
We had it good, we had it right before  
What do you say we try this love once more

Oh oh oh oh oh oh oh yeah

I'm not a prom king but I know how to love you

I'm not prince charming but I know how to love you  
I'm not a Ken doll but I know how to love you  
I know how to love you  
I know how to love you

Put your drinks up (For love)

We dance at the prom

I may not be what you were looking for (looking for)

And I won't go, yes I'll break down the door (break  
down the door)  
We had it good, we had it right before (right before,  
once more)  
What do you say we try this love once more

Oh oh oh oh oh oh oh yeah  
(I'm not a prom king but I know how to love you  
I'm not prince charming but I know how to love you  
I'm not a Ken doll but I know how to love you  
I know how to love you  
I know how to love you)

I'm not a prom king  
I'm not prince charming  
I'm not a Ken doll  
I know how to love you  
I know how to love you

I am yours  
I am yours  
I can be your prince charming,  
Your ken doll,  
Your prom king
