I've been trading up dimes for nickels over you  
My golden years keep on slippin out of view  
From rocking nights to working days  
From Cadillacs to Chevrolets  
trading up dimes for nickels over you

From a long gold chain and my Chippendale rocker  
A seven yard block and Black Johnny Walker  
A two night job and a side-track bummin  
A lot of hard work to keep a satisfying a woman

I've been trading up dimes for nickels over you  
My golden years keep on slippin out of view  
From rocking nights to working days  
From Cadillacs to Chevrolets  
trading up dimes for nickels over you

Well Two-timing Sally and I took my time  
I'm evil and it took my soul  
But If you don't keep your hands outta my back pocket  
You're gonna take all of my dough

I've trading up dimes for nickels over you  
My golden years keep on slippin out of view  
From rocking nights to working days  
From Cadillacs to Chevrolets  
trading up dimes for nickels over you

Well Two-timing Sally and I took my time  
I'm evil and it took my soul  
But If you don't keep your hands outta my back pocket  
You're gonna take all of my dough

I've trading up dimes for nickels over you  
My golden years keep on slippin out of view  
From rocking nights to working days  
From Cadillacs to Chevrolets  
trading up dimes for nickels over you  
I've trading up dimes for nickels over you
