gray no petals no introduction gray matter for
introspection
water making and breaking seeming fine
faith no martyr no resolution depth of water over our
heads in
breath restricted all suffocation ...breath

a trippy absolute
eye tripping disease
no resolution no auto save

crave it matters no fixed solution
no path crossed aging desert
scenic fixture and fixing ...wonder why

goal neglected greed for negation
rights affected last stop salvation
world objective equalization

CHOICE DECISION NO REAL DIVISION BACK BURN
SYSTEM

scream for your life

faith no martyr no resolution depth of water over our
heads in
breath restricted all suffocation ... breath

a trippy absolute
eye tripping disease
no resolution no auto save
