Damn cicada
Won't let me sleep.
I'm leaving for the subway five to nine.
And I just can't wait.

Oh don't come back.
At least this night.
Cuz I wished that you would burn.
Then I wondered if I meant it.
So please, don't come back.
I can't believe I love you again.

Notes on the door
Tempt me to stay.
I wish that I could lose all hope.
I wish I could stop trying.

Oh don't come back.
At least this night.
Cuz I wished that you would burn.
Then I wondered if I meant it.
So please, don't come back.
I can't believe I love you again.

Cuz I don't seem to learn,
And I tell myself I told you so.
I'm picking at my scabs,
Over and over and over.

Oh don't come back.
At least this night.
Cuz I wished that you would burn.
Then I wondered if I meant it.
So please, don't come back.
I can't believe I love you again.
