HOOK & INTRO:

My oh my I think I just might die if she stops and looks
into my eyes.

My oh my I'll be dead for a while if she stops and
flashes her smile.

-

My oh my I think I just might die if she stops and looks
into my eyes.

-

1:

I stepped into the street just to take a walk
All the pretty girls were there
Some were blond and some were brunette
Some even had red hair.

-

But the girl of my dreams was
Nowhere to be seen
She just wasn't any-where
Everywhere I turned, I just got burned
Looking for her raven hair.

-

Then she stepped out on the street right in front of me
I couldn't believe my eyes
With her sexy long legs and long black hair
Just imagine my surprise

-

PAUSE

into my eyes.

flashes her smile.

into my eyes.

-

2:

Want to walk up and introduce myself
But that would be suicide
She's so hot the air is on fire
And I don't have a place to hide

-

My feet just stopped and my heart just froze
She's turning to look my way
I'm not drunk but my whole world is spinnin'
I'm about to be D.O.A.

-
