1.

You can keep your love of death
And your talk of suicide
I'm not going to play your games no more
'cause I'm firmly on my side

-

You're so full of hate and rage
It's boiling in your eyes
There's nothing left inside of you
But the things that I despise

-

2. You walk into a bar
The darkness falls like doom
You build up all their hopes and dreams
Then bleed them like a wound

-

If Lu-ci-fer got married
His bride would have your name
You cripple every mind you touch
And leave them all insane

-

3. You got fire in your eyes
You got ice in your soul
And way down deep inside of you
There's really no one home

-

Your power over all the men
Is scary to behold
Undead before they know it
And bought before they're sold

-

BRIDGE

You live only for the pain
You can cause in other hearts
You feed upon their trauma
And you live for the drama

-

CHORUS

[cause] you're a Vampire Lady (Vampire Lady)
You're prowlin' for your feast
You're a Vampire Lady (Vampire Lady)
You think that you're a beauty

You're a Vampire Lady (Vampire Lady)
But I know that you're a beast
You're a Vampire Lady

-

FINAL CHORUS

She's a vampire Lady (Vampire Lady)
She's prowlin for her feast
She's a vampire Lady (Vampire Lady)
She thinks that she's a beauty
She's a vampire Lady (Vampire Lady)
But I know that she's a beast
She's a vampire Lady
