Video, eo, eo, eo, eo, eo, eo
The satellites that search the night they twinkle like a
star
They send their love from up above down to my VTR
The world is at my fingers under control

Ahhumm, video, eo, eo, uh ho
Play it one more time
Video, eh oh, got the world on my TV

I see that rock and roll and all those old time movies
They beam across the sky together in electric dreams
I just sit here on my end I'll have it all

Ahhumm, video, eo, eo, uh ho
Play it one more time
Video, eh oh, got the world on video

I see the shadows in the twilight as they dance, la, la, la
Video madness comes upon me like a trance in the
dark
So I just stay right here and the world is okay, okay,
okay

Ahhumm, video, eo, eo, uh ho
Play it one more time
Video, eh oh, got the world on video, oh, oh, oh oh oh

And look at me now, I'm burning up the steely wires
Look at me now, I'm burning up the steely wires
Look at me now, now, now, now, now...
