"Nightville (Jenna Fox Big Room Re-Mix)"

When darkness falls upon this Maine Town
Some, like, J & Alice do not see eye-to-eye
The disagreement continues as we see a menacing
figure

CHORUS:

Where, ohh, why?
Who is behind this? Who is doing this?
What is this all about?
When will it end? Will there be peace...?
A mysterious lost soul bikes by, the menacing shadow
of a figure continues behind as Alice knits and J walks
Knightville circle/ square...
Evil continues to loom in the shadows
A evil looms form within the cornfields we go...

CHORUS:

Where, ohh, why?
Who is behind this? Who is doing this?
What is this all about?
When will it end? Will there be peace...?
& as J tries to live life, comes from deep within or
without...
As a looming darkness continues to follows at every
corner of the store...-ry...

CHORUS:

Where, ohh, why?
Who is behind this? Who is doing this?
What is this all about?
When will it end? Will there be peace...?

REPEAT CHORUS:

Where, ohh, why?
Who is behind this? Who is doing this?
What is this all about?
When will it end? Will there be peace...?
