I know you heard it when I whispered it that night
Under my breath in the darkness, nothing but the
moonlight
You seemed beautifully sleeping on the swing bench
on your back porch

On the verge of a moment underneath the stars
At the place we first met, when the match caught fire
Come on, and say it baby, you know we don't play
games

So amazing, so intoxicating
The way I feel when I'm wrapped around you
So turn around and baby I'll say it again

You're so good, I don't want you waitin'
So baby I said it first
You're so good, I don't want ya anxious
So baby I said it first
Been so long now anticipating
So baby I said it first
You're so good, I don't want you waitin'

You say you left a note inside my favorite novel
You hoped I'd find it when I read cover to cover
I guess that "I love you" blew away in the park
wind

On the verge of a moment underneath the stars
Where we shared our first kiss, you know where we
were
He said, come on baby, you know we don't play
games

So amazing, so intoxicating
The way I feel when I'm wrapped around you
He said, "turn around and baby I'll say it again"

You're so good, I don't want you waitin'
So baby I said it first
You're so good, I don't want ya anxious
So baby I said it first

Been so long now anticipating
So baby I said it first
Youâ€™re so good, I donâ€™t want you waitinâ€™

So amazing, so intoxicating
The way I feel when I say â€œI love youâ€™
Just so you know, baby I said it first
