Tonight I had a revelation
A light bulb came on
It was quite the education
A real breakthrough
My brand new debuts comin' out
I'm taking half the blame
Its gonna change my reputation
'Cause I know I'm worth my name

So I'm waving a white flag
Laying down my ammunition
But you gotta meet me half way
And I promise to do the same

It takes two
Two to tangle
Or was that Tango? I don't know
Two more drinks, from the blender
And a shot, of silver Patron
Just leave me alone
I left my manners at home

Lets go to our corners
And draw a line in the sand
And take one big deep breath
'Cause you know you're still my man
We just keep on fighting, I don't think you
understand
Nothing's keeping us together
Got no ring on my hand

So I'm waving a white flag
Laying down my ammunition
But you gotta meet me half way
And I promise to do the same

It takes two
Two to tangle
Or was that Tango? I don't know
Two more drinks, from the blender
And a shot, of silver Patron

And I'm no angel
God, this is painful
And I don't mean to
Go on and on
You should get an Oscar for all your drama
But you're a rascal and I can't let go
I'm gonna take you home

It takes two
Two to tangle
Or was that Tango? I don't know
Two more drinks, from the blender
And a shot, of silver Patron
Just leave me alone
I left my manners at home
Oh, just leave me alone
I left my manners at home
