Oh tree you're taller than me  
And greener on the side  
Oh clouds are you looking at me now  
Are you looking down at us on our sides

Oh air you're sweeter than me  
I can feel you now  
Old moon do you have a spare room for my love I'm  
sending out  
Please take care of the heart you're taking there

(Chicka-chikah)

Nobody's got your heart on their sleeve like we do  
You were getting old, the sun was setting down on our  
sides  
Seems like I was leaving you  
Those final weeks when I moved out with photographs,  
Dishes and sheets and that's when I said,  
It's time for moving on  
Your heart was not so strong  
I took you walking where I memorized your steps and  
colors  
Will they last me for a lifetime?  
You'll never leave my mind  
You'll never leave my mind

There are places in the land where we let go of you  
Called the ocean and the sand  
Best place you'd been to  
I made you a heart of sticks and set up your favorite  
view  
Seagulls over island sands and herons on the dunes

You're running in my heart aren't you  
You're running in my heart aren't you

Wooh oooh
