Driving your car down Hollywood Boulevard
Wishing we were still swimming far from the stars
Let the wild things grow tired
Fall from the trees
In the city keep everything looking green

I'd still be dreaming of you [x2]

Staying up late, keeping our days far from too long
Sleeping with the TV on, know it's just for fun
Black and white scenes from old movies
On silver screen
Hollywood, California
Sun chasing dream

I'd still be dreaming of you [x4]

Driving your car down Hollywood Boulevard
Wishing we were still swimming far from the stars
