"How Met You"

Visit "[How Met You](#)" on MotoLyrics.com

Baby how I met you how was I supposed to know*
You headed for the highway headed for the show
Baby how I met you how was I supposed to know
Tell me bout the stars
Tell me bout the dose
Hangin in the garden lookin at the rose
Baby how I met you how was I supposed to know
I'll be on time for you
I'll be on time for you
Baby how I met you how was I supposed to know
You headed for the ticket, headed for the show
Baby how I met you how was I supposed to know
Tell me bout the stars, tell me bout your heart
When you see the moon tell me how you do
Baby how I met you
I was waiting across the room
I'll be on time for you
I'll be on time for you
Baby blue, woah
Baby blue, woah (2x)
I'll be on time for you
I'll be on time for you
Baby blue, baby blue (2x)
