You saw me go
You saw me go
I tried my love high and low
While the stars
Were running out
Showed me the doubt
You could take me higher than these waves
Waves
I tired my love to find the pace

You saw me go
You saw me go
I tried my love to take it slow
And while the stars
They tuckered out
Showed me about
Washing me away away
Away away
Away away
Away away
All day

All day
I tried to my love to fine the pace
And while the stars
They tempered out
Showed me about

Washing me away away away
Away away
Away away
Away away
All day

All day

Stars to waves
Stars to waves all day

(band plays)
