#### VERSE 1:

Where do we go from here  
All I know is I want more  
Of you babe  
We're just like a pair of tears  
We fall, it's getting wetter but we're just  
At the beginning about to ball  
And I've known you for some years  
How long are we gonna do this  
Though it's not getting old  
Don't get me wrong, I love to be here  
But these arms just wanna know what to hold

#### PRE:

'Cause no matter what they tell me  
I'm gonna love you babe  
Even if the situation changed  
I'll be here everyday  
Regardless I just can't go on make believing  
That you'll see me and my feelings  
It's gotta stop some day  
We gotta find a way

#### CHORUS:

To get out, to get out the clouds  
Feels so right, but it's wrong doing stuff friends  
shouldn't do  
I think we need  
To get out, to get out the clouds  
This is good night, until I know where I stand  
Let's get out of the clouds

#### VERSE 2:

I just wanna know your fears  
'Cause you got me thinking we can upgrade this  
'Cause you're perfect for me but  
The things we do can make it unclear  
You gotta tell me what you want me to be

#### PRE

#### CHORUS (x2)
