Cold hands surrounds me, I feel the walls around me  
closing in  
And my chest is getting tighter  
Cold winds are blowing away, were you left hanging in  
the air  
And your words are getting louder

He said, "Sorry but you're never gonna dance again"  
But my feet just keeps me moving, trying to break the  
chain  
And I feel like running, and I feel no pain  
I feel like running when I'm lost within my frame

Sharp tongues cut the air and melt into rain when it  
falls on my hair  
Is it 'cause I'm getting wiser?  
Far from the steep slope I feel the herd come running  
over me  
And I feel a little lighter

He said, "Sorry but you're never gonna dance again"  
But my feet just keeps me moving, trying to break the  
chain  
And I feel like running, and I feel no pain  
I feel like running when I'm lost within my frame

He said, "Sorry but you're never gonna dance again"  
But my feet just keeps me moving, trying to break the  
chain  
And I feel like running, and I feel no pain  
I feel like running when I'm lost within my frame
