Clear your town;  
An innocent will drown  
And left om I expanding as the sea  
The roots are wobbling in the forest trees

Each move I make  
The ground will shake  
I am the Namazu  
I cause the fire  
Flaming higher  
I am the Namazu

Bathed in waves  
With whom you have lost faith;  
Consigning you to Hell from Paradise  
You're frozen now that I'm unparalyzed...

Each move I make  
The ground will shake  
I am the Namazu  
I cause the fire  
Flaming higher  
I am the Namazu

Tick tock tick tick tock -  
The walls are gonna crack  
Tick ticketock ticketock -  
If you wanna be on time hurry up!
