I decide to postpone all the bad  
I try not to sing when I'm sad  
And in the end it is a brighter day;  
There's just a few words I gotta say:  
From the corporeal aspect of my heart  
My thoughts are picking me apart  
Picking me apart

I'll leave all emotions inside  
Find strange places for tears to hide;  
But after all there's just one thing  
There' a song I gotta sing  
From the corporeal aspect of my heart:  
My thoughts are tearing me apart

There's an admissin to get in here  
I have to get a better price  
I won't confront my fear  
Aren't you suspicious that I'm so clear?  
The distance overriding us  
Every time we get near

All those feelings, creepin'  
It is what I don't see I believe in  
All those fractures bleedin'  
If you never crush it you won't need healing  
Miss you, I do miss you  
Never too soon for you to be too late

There's an admission to get in here  
I have to get a better price  
I won't confront my fear  
Aren't you suspicious that I'm so clear?  
The distance overriding me  
Every time I get near

We agreed to postpone all the bad  
We tried hard to never be sad  
And in the end it was a bitter day  
There was just too much we had to say  
From the corporeal aspect of our hearts:

The song was tearing us apart
