Once burned, twice shy  
Too much of your light make me blind  
I'd wait all night  
But you left one too many times  
I want to change the orbit  
Don't care what you do now  
I want to live in darkness  
Don't want to be spun around

You go down, down, down  
I fall out of love with you  
Come back round, round, round  
You sun of a gun  
You go down, down, down  
This time I won't save you  
When you drown, drown, drown  
You sun of a gun  
You sun of a gun

Birds sing for you  
You can make the blue sky blush  
You've got them all fooled  
But I am burned out on this rush  
I want to change the orbit  
Don't care what you do now  
I want to live in darkness  
Don't want to be spun around

You go down, down, down  
I fall out of love with you  
Come back round, round, round  
You sun of a gun  
You go low, low, low  
This time I won't save you  
When you go, go, go  
You sun of a gun  
You sun of a gun

Grey sky creepin, disappearing  
Bye, bye feeling  
Heart you're stealing

You go down, down, down  
I fall out of love with you  
Come back round, round, round  
You sun of a gun  
You go down, down, down  
This time I won't save you  
When you drown, drown, drown  
You sun of a gun  
You sun of a gun  
You sun of a gun
