I've been caged by you for such a long, long time
Had your own fun, take your way to fill my mind
We'll no one seen me guarding myself
So I kept me here, within my shell
And it took so long, for me to see
How demolishing you were to me

Look at me now
I'm stronger than before
'Cause I've found the strength within myself to close
the door
And I close the door for you to ever come inside again
I've tried so hard to keep me sheltered from your kind
of men

I've been blind and foolish but I was just a girl
Seduce me with your lies and promise me the world
Now I've had it with you and your twisted games
And no longer will you make me feel ashamed
I have found the power to open the cage
I left you behind me, I turned the page

Look at me now
Look at me now

Sometime ago I walked away
You thought I'd never be the same
I recovered on my own
Without you now I'll carry on

Look at me now
I'm stronger than before
'Cause I've found the strength within myself to close
the door
And I close the door for you to ever come inside again
I've tried so hard to keep me sheltered from your kind
of men

Look at me now
I'm stronger than before
'Cause I've found the strength within myself to close

the door

And I close the door for you to ever come inside again
I've tried so hard to keep me sheltered from your kind
of men

Look at me now
