I've heard you better be careful for what you wish
for
You might get everything you want and a little bit more
At first you seemed like a dream come true
Just like I wished it would
But now you're gone gone gone gone for good

He used to lay around the house all day and watch TV
If anything ever got done, it was up to me
He couldn't keep a job for love nor money
Tried to take me for all he could
But he's gone gone gone gone gone for good

Chorus:

He was good lookin, smooth talkin, sexy walkin hunk of
a man
Boy he was something but love wasn't part of his
plan
I was crazy to ever let him get to me
But I'm free now knock on wood
He's gone gone gone gone gone for good (last
time 2 times)

Tag:

I threw a party on the night he left
Just to tell the neighborhood
That he's gone gone gone gone for good.
