Verse 1:

I read the paper
I watch the news
Seems there ain't nothing to look forward to
Everybodys cryin'
Everybody's tryin'
To find just the one that they can hold on to
And that's why I got you

Chorus:

Your love is my salvation
Your arms are my foundation
Your constant dedication never lets me down
When this worlds gone crazy
It don't matter to me baby
Ain't no way that I can lose
As long as I got you

Verse 2:

I hear the story
The broken hearts
Nobody seems to finish what they start
I count blessings
For me there ain't no guessing
You make it easy lovin' who you are
And that's why I got you

Chorus:
