1st verse:

Love is a fragile thing
With or without a ring
There is no guarantee
That it will last for long
Or it will remain strong
That it will always be

Chorus:

Maybe we can love just a little bit smarter
Dig a little deeper down inside
Maybe we could try just a little bit harder
Live like our love is on the line
Live like love is on the line (sing last 2 lines 2 times the last time through)

2nd verse:

Iâ€™ve heard the story told
Sometimes when love grows old
The feelings start to fade
We need to keep it new
Between me and you
Never let it slip away

Tag:

Try a little more tenderness (our love is on the line)
Try a little bit deeper kiss (our love is on the line)
Try a little more all the time (our love is on the line)
Cause baby love is on the line
Our love is on the line
chorus
