Dust ain't settled on the gravel road.  
Thought you'd let it down towards 2 below,  
Why didn't I say, "Don't go."

With every tick of the clock, you're getting further  
away.  
My heart's breaking at a steady rate!

Chorus  
Of a mile a minute,  
Mile a minute.  
There's a truck south bound that's got you in it.  
Could you maybe baby make a U-turn.  
You'd be amazed at how much I've learned.  
At a mile a minute,  
Mile a minute.

Here I stand with my foolish pride.  
Watching my tears fall on the drive,  
While the sun slips out of sight.

If you're wishing, like me, that you hadn't gone,  
Come on back, it won't take long!

Chorus

It doesn't matter who was right or wrong.  
Oh no baby! All that matters is that you get back  
home.  
Ooooooh!
