Oh my my (Continues for most of song)

I went to the doctor
Knocked at his door
And he said girl what can I do you for
And I said doctor
For a start
The man I love has done and broke my heart

And he checked my pulse
And fever too
And he said girl theres nothing I can do
You are love sick
There ain't no cure
I fear the devils knocking at your door

He sent me home
And straight to bed
And gave me pills
To rest my head
But it won't do
Cause all I want
All I need
Is darling you

I said please (please) don't let me go (don't let me go)
I said please don't let me go (please don't let me go)
I said please (please) don't (don't) let me go
I said please don't let me go (please don't let me go)

You wouldn't have it
Or any of that
You took my love
But you couldn't give it back
You let me go (You let me go)
You walked away (You walked away)
You broke my heart (You broke my heart)
In everyway (In everyway)

You left me crying (crying)
You left me blue (blue)
You left me dying over you (you)

Oh my my
Oh my my
Oh my my
Oh my my
Oh my my
