Old flame - burnt out long ago
I hope you know what you meant to me
There was a time when you were burnin' bright
An' I stood in your light
But it wasn't meant to be

Old flame - I wonder have you changed?
Or are you just the same?
Old flame in the back of my mind
I still let it shine from time to time

Instrumental-----

Old flame - I wonder have you changed?
Or are you just the same?

Old flame - burnt out long ago
I hope you know what you meant to me
There was a time when you were burnin' bright
An' I stood in your light
But it wasn't meant to be
No it wasn't meant to be.
