All the words are gone
You've thrown them all away
And they're never coming back
No matter what you say

I can forgive and not forget
I can walk without regret
Your sorry came too late

What you've done
Is give me twisted love
And no way to get it straight
What you've done
Is gone and cause me too much pain
And What you've done
Is taken all my sunshine
And turned it into rain
And what I'm doing now
What I'm doing
Is leaving my big mistake

There was a time I bought it all
Right down to your last kiss
I thought I had the truth
But there was something that I missed

I didn't ever wanna see
What was right in front of me
You took everything I had
And now I want it back

What you've done
Is give me twisted love
And no way to get it straight
What you've done
Is gone and caused me too much pain
And what you've done
Is taken all my sunshine
And turned it into rain
What I'm doing now
What I'm doing

I'm taking back all the tears
I've wasted on your lies
I'm taking back all the times I've cried

What you've done
Is give me twisted love
And no way to get it straight
What you've done
Is gone and caused me too much pain
What you've done
Is taken all my sunshine
And turned it into rain
What I'm doing now
What I'm doing
I ain't fooling now
What I'm doing
Is leaving my big mistake

All the words are gone
You've thrown them all away
And theyâ€™ re never coming back
