What can you do when you're up so high and you can  
see below what can you do when you fall in the grasp  
of a power play  
when what they say isn't true when all that you'd done  
was for good...when all that you'd done was for good  
It isn't that you didn't know what to say, it's that you  
stood in the doorway just a little too long it's that no  
matter how you did it that you'd be wrong  
so you did you're best and kept a smile  
and talked yourself through the sea of deep extraction  
of surfacing toxin coming out at you  
You have to step aside, and out of the way

### Chorus

oh and I saw it and kept quiet deep inside, there was  
really nothing I could do but keep playing my song  
it's all I had for you  
I talked till I was blue in the face, I have nothing left  
inside it's all out on the table  
I lay here with fragments of tomorrow it's all been said,  
and it's been done, I'm just a little devastated over the  
latest spear....I'm learning to take them out one by one  
I probably pushed my welcome a little too far like an  
inexperienced social child

### Chorus

oh and I saw it and kept quiet deep inside, there was  
really nothing I could do but keep playing my song  
It's all I had for you

Now I lay me down to rest the trickling water coming  
out louder than the sirens during the day  
I hear every drop  
so what did you have to prove to humiliate me or to try  
and make me look bad for you  
don't let it bring you down  
so you that you don't remember your name  
or frozen in time  
don't let it bring you down  
wait it out wait it out till dusk when all has gone home  
and silence has drowned it

Chorus

oh and I saw it and kept quiet deep inside, there was  
really nothing I could do but keep playing my song  
it's all I had for you  
(repeat)

It isn't that you didn't know what to say, it's that you  
stood there in the doorway just a little too long  
it's that no matter how you did it that you'd be wrong  
so you did your best and kept a smile

What can you do when you're up so high and you can
