I want to let you know how I feel
Well I?m confident, not on my heels
So many times with reasons to blow
I talk myself out and I don?t
It seems surreal, seems impossible
Some twenty years and now I wake
I want to let you know how I feel
There?s no time like now
Well how about tonight

I?m feeling good, I like this hate
I?d say I?m safely venting rage
There?ll be no more positive spin
On things that really piss me off
Before I tried, I didn?t think I?d like it much
But hey it feels real nice
I want to let you know how I feel
There?s no time like now
Well how about right now

No time like now!!

And I?ve spent so much of my time
Questioning my every choice
And I?ve spent so much of my life
Trying to please all but myself
How I would look
And how I?d come across
It used to mean so much to me
But since then, there?s been a little change
I?ve toughened up through pain and rage

The times when, I was the one who always would stop
me
All the times, I would stop me
But now who?s to stop me
All the times, I would stop me
But now who?s to stop me
All the times, I would stop me
No time like now
